

RIDE: Enter Ride Name Here

Below is a long list of potentially packable items, grouped into several different categories. Items that might be considered "essential" are marked with an asterisk. Consider this list a starting point—a "virtual" pile on the floor. Then remove (or add) items according to your own needs and limitations. Print this page and check (✓) the boxes next to the items you pack for your trip. Then, save it for future reference as a handy packing checklist.
